January 2007

The mission of **First Lutheran School** is to provide a quality early childhood program in a Christian environment.

We are very proud of the program offered at **First Lutheran School**. We believe that each child is a unique individual with special needs and abilities. Our overall goal is to encourage the growth of the whole child through spiritual, physical, social, emotional and intellectual development in a Christian atmosphere. A creative and loving environment will provide your child with developmentally appropriate experiences while working with others as part of a larger group.

We believe that a child's parents are their first and most important teachers. As partners in the education of your child, we work together to create a nurturing and stimulating environment. **Parents provide a simple nutritious snack once a month and assist in the classroom as a helper monthly.** This involves being an extra pair of hands for the teacher. Serving as "helper" allows parents to experience preschool activities and routines. Fall Open House, Christmas celebrations, preschool family potlucks and Lutheran Schools Week provide opportunities for children to share accomplishments with their families.

There are three preschool class levels for you to choose from, each with low teacher/student ratios and age-appropriate activities.
